## NODAWAY RIVER DAMAGES BRIDGES

WOODEN SPANS OVER DITCH ARE WASHED OUT AND CRIPPLED.

## DRIFT AND ICE AID IN THE DESTRUCTION

Cable Keeps 2 from Washing Away— Iowa Structure Lodges in Ice Gorge Near Clearmont.

The Nodaway river, which at some places in southern Iowa and the north part of Nodaway county, is declared to have been higher yesterday than for two years, is damaging many bridges and widening the new channel to unusual proportions. Only through the use of cables was the county court enabled to save two county bridges from going with the flood waters, while all the bridges which span the new ditch between the Iowa line and Quitman have been more or less damaged, it is reported.

The 102 river is back in the channel and is steadily falling, but the Platte river, according to a dispatch from Ravenwood at 1:30 o'clock this afternoon, is gradually leaving the channel and spreading its waters over the low lands. No damage has been reported yet, but if the rise continues, the safety of the bridges is feared for.

### Cables Hold Bridges.

It is the Nodaway river at present, however, which is on the big rampage—in fact, on a worse one than early last fall. The worst damage in this county comes from between Clearmont and the Iowa line.

C. S. Turpen of Clearmont said this afternoon that through the use of cables, by order of the county court, he was enabled to save the frame bridge across the new channel, west of Clearmont, from going down stream, but that the entire structure was in the river, though probably intact. All but one of the wooden piers on the west side were broken off by the flood waters and a drift of ice and logs. The approaches have been washed, too.

The ditch there is now said to be about eighty feet wide and the banks are still crumbling into the river. All bridges spanning the old river bed are believed to be safe, as most of the water is going through the channel. It is racing through at the rate of between six and seven miles an hour.

### Iowa Bridge Floats Down.

The McCummings bridge, north of Clearmont, is in bad condition and cannot be crossed with safety, yet it is believed the structure can be saved from going entirely out. To this end cables have been placed and every safeguard possible is being taken.

Another bridge between Clearmont and the Iowa line is said to be in a damaged state. An Iowa structure over the east branch of the Nodaway river washed away and has lodged in an ice gorge north of the McCummings bridge. The county officials probably will have this blockade removed by dynamiting as soon as possible.

The river has fallen about one foot at Braddyville it is reported, and is about three inches lower now at Clearmont, so that it is believed the crest has been reached. The lowlands are badly flooded, however, but no damage in that regard has been done.

### Burlington Bridge Unsafe.

Between Burlington Junction and Quitman, on the Nodaway river, comes bad reports, too.

James Corken, who lives one and

one-half miles below Burlington Junction, near where the lower bridge crosses, said the river was racing like a mill stream. The banks on each side of the new channel there are fast crumbling away and the ditch is now about seventy feet wide, he said.

The bridge near his home is still passable, but one pier has been knocked off and the approaches are being slowly eaten away. The water is said to be about one foot higher than it was last fall, though not as much damage is being done in the low lands as at that time.

The Jones bridge, below the residence of Mr. Corken, is slightly in danger of going out. The earth on the east side is crumbling away. The Nicholas-Carter bridge next below is in fairly good condition, but the Carter and Gray structure, next below and near Quitman, is damaged slightly, Mr. Corken reports.

## LOCAL WRECK BRINGS SUIT

Injury to Passengers Through Mislaid Switch, Brings Counter Charge Against Employee.

A wreck in the Maryville yards of the Burlington railroad in 1913, in which several passengers were injured and several box cars damaged, has resulted in a damage suit for \$7,000 being brought against Warren W. McMahon, conductor, in Creston, Iowa. It comes as a counter suit, following a suit which McMahon brought against the railroad, for the loss of an arm.

The history is something like this: North bound passenger train No. 4 crashed into a string of box cars carried by a freight train here, because of the alleged negligence of McMahon in failing to close the switch after his freight train was run onto the siding. In the collision, the two trains were damaged to the extent of \$1,000, the railroad declares, and several passengers injured so that the railroad was compelled to pay out \$6,500 in damages.

McMahon's litigation against the railroad, is believed to have caused the railroad to retaliate with this suit. McMahon is said to have had one of his arms ground off by a wheel, when one of the car steps broke, after the same train which was in the wreck here, had crossed the Iowa line, north bound.

### CHILD'S MIND IS UNSOUND.

Miss Beulah Neal's Mother is Appointed Guardian by Probate Court.

Miss Beulah Neal of Maryville was declared to be of unsound mind and her mother, Mrs. Mahaley E. Neal, appointed guardian of her personal estate by Probate Judge W. H. Conn this morning. The father, John M. V. Neal, died less than a year ago. His estate is still in probate court. Mrs. Neal's bond was fixed at \$2,000.

### DEFER FITE ASSAULT TRIAL.

Illness of Mayor Causes Continuance Struck J. W. Hudgins, Charged.

On account of the illness of Mayor U. S. Wright from the grip, the trial of Page Fite, charged by the city with assault, has been deferred from today until Saturday. Fite is alleged to have struck J. W. Hudgins, in John Kane's saloon, January 11. Fite is out on \$100 bond. A charge of entering into an affray was the original charge on which Fite was held.

### To Study Millinery Style.

Miss Sadie Blair left Tuesday evening for Savannah to spend a few days visiting her sister, Mrs. Leroy Wilson, after which she will go to Kansas City to spend a couple of weeks at the wholesale house. Miss Blair will then take charge of a millinery store at Fairfax this spring.

## RECEIVE CONVERTS 'GET RIGHT,' PLEA

BAPTISTS TO 'GET ACQUAINTED' WITH NEW MEMBERS.

## PLAN ENTERTAINMENT 'THEORY IS USELESS'

Music, Speaking, Prayers, Refreshments and Hand Shaking, Features of Reception Tonight.

A reception, featured by music, speaking, prayers, refreshments and an old-fashioned Baptist hand shaking, will be held in the First Baptist church tonight, to welcome in the more than 300 new members resulting from the recent revival. Barring disagreeable weather tonight it is likely fully 600 Baptists will attend.

Plans for the reception have been under way for about a week and the various parts have been in the hands of separate committees, that the newly members may be entertained and received as royally as possible. The reception will begin in the church basement at 7:30 o'clock. Each member will shake hands with several hundred and strangers will mingle until the resemblance of one big family is acquired the pastor, the Rev. Lewis M. Hale, plans.

After the "get-acquainted" part is finished, light refreshments will be served by the women of the church in the basement. About 9:30 o'clock the members will congregate in the church auditorium where the program of music, speaking, readings and prayers will be given.

Three special musical numbers have been arranged by the choir and individuals, while several songs by both the choir and audience are planned. Prof. Harry Miller of the Normal, will give a reading and the pastor, Mr. Hale, and probably others, will make brief talks.

## PAY \$4,000 OF SCHOOL BOND

Directors Make Annual Payment on Original Washington Building Debt of \$75,000.

The board of directors of the Maryville school district paid off \$4,000 more of its school bonds this morning. With this payment, it makes a total of \$28,000 of a \$75,000 issue that has been paid.

These bonds were voted in 1907 for the Washington public school building. The issue runs until 1927, \$4,000 to be paid off each year. The bonds, after being paid this morning were destroyed by burning in front of the Nodaway Valley bank building.

## BAPTIST MEN PLAN BANQUET

Brotherhood to Hold Annual Event March 11—Dr. D. J. Evans to Speak.

The second annual banquet of the Men's Brotherhood of the First Baptist church will be held in the church basement, Thursday night, March 11. Dr. D. J. Evans, dean of the theological department of William Jewell college of Liberty, will be the principal speaker. The banquet date was decided upon at the regular bi-monthly meeting of the brotherhood Tuesday night, but it was only this morning, according to the Rev. L. M. Hale, pastor, that Dr. Evans agreed to be speaker.

Dr. Evans spoke to the brotherhood at its initial annual affair here last year. His address was so pleasing that the brotherhood voted Tuesday night to have him return if possible. Others also will speak, including Mr. Hale, pastor. There also will probably be music, both vocal and instrumental.

The arrangements for the annual banquet are in the hands of the following committees:

Program—R. B. Montgomery, Dr. Karl Malotte and Isaac Tebow. Sale of tickets—R. E. Jones, W. A. Burris, Frank Reynolds, James Smith and B. W. Lemon.

General management—D. E. McDonald, E. L. Andrews and W. B. Blachley.

### IMMUNE HOGS SELL WELL.

R. M. Evans of Near Maryville Gets Dime More for Treated Swine for Serum.

R. M. Evans, a prominent and successful farmer of Nodaway county, decided Tuesday that he is more than ever in favor of the simultaneous serum treatment for hogs. Besides having his porkers immune from cholera, Mr. Evans sold his hogs yesterday at prices a dime higher than any other hogs commanded. Mr. Evans cashed 61 head, with an average weight of 237 pounds, at \$6.92½ a hundred to a local serum company—St. Joseph Stock Yards Company.

EVANGELIST ADDRESSES BIG AUDIENCE AT CHRISTIAN CHURCH.

## 'THEORY IS USELESS'

Says Criticism Atrophies Religion— Song Services Precedes Sermon— Two Profess Conversion.

Despite the rain of last night, a good crowd attended the First Christian church revival service and heard a splendid sermon by the Rev. Charles A. Finch. The Rev. Mr. Finch spoke from the subject "Getting Right." As a special musical number, Harry O. Fritz, musical conductor during the service, and Mrs. Fred P. Robinson sang a duet, "O Love That Will Not Let Me Go."

There were two conversions last night and a splendid enthusiasm is being shown. Tonight there will be special musical numbers as well as the half hour song service which precedes the sermon each evening.

The Rev. Mr. Finch spoke interestingly last night along the line of "getting right" in life. He said in part:

"Zaccheus was the tax collector in Jericho. The Bible says he was a sinner, of course, in a political sense. He seemed to have stood in with the court house ring. Being excluded from society in Jericho, there was only one thing left—to make money. This he did without regard to the means employed."

"Now Jesus is coming to town. The honton of society, the distinguished citizens and officials are at the city gate to receive him. Zaccheus was a man of small stature and could not see over the crowd, and they would not permit him to stand with them. So when Jesus appears, road weary and covered with dust, he climbed a friendly sycamore tree that swung its branches over the road. Jesus ignores the elite of Jericho and said to Zaccheus, 'Come down from that tree. I am going to dinner with you.' So Jesus went home with Zaccheus that day and salvation came to his house."

### Tree Climbers of Today.

"A lot of people are up in the trees of speculation, criticism and philosophy. They are looking at heaven through telescopes and at Christians through microscopes. They find fault with the flowers on the tree of life, and the catarrh of self-importance has so atrophied the sense of smell that the perfume of the rose of Sharon and the lily of the valley is lost for them. The wisdom of this world has blinded them to the matchless beauty of the Prince of Peace. They want to be saved as philosophers, but they can only be saved as little children. Nowhere does it say, 'We must be saved as men,' but always 'except ye become as a little child.'"

### Theories Are Useless.

"We can't go to heaven by the way of Mount Blanc, but by the way of Calvary. When you start to make game out of all the theories you may hold, your theories will make game of you and you will miss heaven. Hunting a grizzly bear is not so funny when he starts to hunt you. Come down out of your trees of pride and speculation and take Jesus home with you. Let your theories go, there is enough to do if you do the plain things you can understand. Every wise man learns soon or late that he will have to let God know some things which he cannot know. The act of Zaccheus is the solution to all of the unrest of our day. What was it? Simply this. He took Jesus home with him."

### Restitution.

"In his home that day Zaccheus said, 'Lord, if I have wronged any man I will restore him four-fold.' That is the effect of Christ in the home. The individual cleans up and squares every bad account. The heart changed—the home is changed, the wife and children are led to Christ. If any man be in Christ he is a new creature. Old things are passed away—behold all things are become new. What caused it? Simply forsaking the elevations of conceit and self-righteousness and speculative theories and taking Jesus home with him."

### HOPKINS PARTY HERE.

Came to Attend Funeral Services for George W. Demott.

Mr. and Mrs. J. W. Demott and family, Mr. and Mrs. G. W. Thompson, Mr. and Mrs. C. B. Woods, Ben Dewitt, E. C. Wolfers, Sr., W. C. Morehouse and J. C. Pistole of Hopkins came to Maryville this morning to attend the funeral services of George W. Demott, held this afternoon at the First Presbyterian church.

## MANY ATTEND DEMOTT RITES

Hundreds Pay Last Respect to Former County Official—Close Court House in Respect.

Funeral services for George W. Demott, who died Monday, were held in the First Presbyterian church at 2:30 o'clock this afternoon. The large number of persons who attended included relatives and friends from the city, many from a distance and officers of the court house, who had been associated with Mr. Demott during his tenure of office as county clerk.

The services were conducted by the pastor, the Rev. S. D. Harkness. The musical program included favorite hymns of Mr. Demott, sung by a quartet from the church choir, and a solo by Mrs. F. P. Robinson. The pall bearers were the elders of the church, Mr. Demott being a member of the board for several years.

The service was concluded at Miriam cemetery, where the body was buried. Among the out-of-town friends attending was a large party from Hopkins, the former home of Mr. Demott.

The court house was closed from 2:30 until 3:30 o'clock this afternoon in order to give all county officials an opportunity to attend the funeral of Mr. Demott.

## 'PROTECT SHIPS'

KAISER ADVISES U. S. TO USE WARSHIPS AS SAFEGUARDS.

## PREPARE FOR SEA SEIGE

England and Germany Get Ready to Close Up Oceans—Turkey to Apologize to Greece.

Berlin, Feb. 18.—While the full text of the answer Kaiser Wilhelm has sent to the United States has not been divulged, it is known that the United States is advised by the kaiser to use warships to convey cargoes in the war zone, recently established by Germany around the British Isles.

New York, Feb. 18.—Destroyers will guard merchantment of the allies. Officials of British and French lines announce that there will be no change in sailing schedules, as a result of the sea blockade.

London, Feb. 18.—With the German war zone blockade effective today and that of England's already in operation, the line around the Atlantic ocean is being tightly drawn and it is only with the utmost caution that even neutral ships will be able to pass over the waters, it is said.

## BAYONET GERMAN BATTALION

Russia Captures 1,400 and Kills Almost Entire Teuton Body, Alleged.

Petrograd, Feb. 18.—The worsting of the Germans is alleged by the Russians in Galicia. It is said 1,400 Germans were taken prisoners at one point in Galicia, while almost an entire battalion of Teutons were bayoneted.

## GREECE GETS SATISFACTION.

Turkey Will Apologize for Constantinople Insult.

London, Feb. 18.—Turkey has yielded to the demand for satisfaction made by Greece because of the insult offered an attaché of the Greek legation at Constantinople recently.

## SHORTENS 'JITNEY' SERVICE.

Cheap Transportation Regular Only Two Morning Hours—Calls Answered Any Time.

Beginning this morning, Charles Thorp, after a three days' trial, shortened his regular "jitney" transportation service to two hours in the morning. He will continue, however, to make calls at any time of the day on request. The regular service will be maintained only from 6:30 to 8:30 o'clock in the morning. Each of the six routes will be covered, however.

Mr. Thorp says he has a good patronage in the morning and fairly good at noon, but during the remainder of the day it is not profitable to make regular runs.

Since the term "jitney" came into common use many have asked where the term originated. According to the University Daily Kansas, "jitney" is Russian, and the name of the smallest piece of money in circulation in that country. It was introduced into this country by circus and show people and has come to be recognized as the slang term for the 5-cent piece. For several years it was commonly applied only to picture shows and public dances.

## NORMAL TO PLAY LAST GAME HERE

FINAL HOME CONTEST TO BE WITH DRURY TONIGHT.

## COACH EXPECTS IT TO BE BEST GAME

Local Basket Ball Quintet in Pink of Condition—Visitors Tired from Three Previous Affrays.

The Maryville Normal basket ball team will play the last game of the season to be played on the home court tonight when it meets the fast Drury college team of Springfield.

The Normal team is in the pink of condition and Coach Walter Hanson says that he expects the game of the season tonight. The Drury team is one of the fastest in the conference and is one of the hurdles which the Green and White must successfully clear in its race for the state conference championship. The game will probably start tonight with Vandersloot and Leech, forwards, Scarlett, center and Scott and McClintock, guards.

The Drury team is on a six-game trip, tonight's being the fourth of the series. It was on this trip that the Drury team based its hopes for the championship. Up to date it has been defeated in two games and has been victorious once. The first game was played with William Jewell where the Drury Panthers were defeated by a score of 22-25.

### Won One, Lost Two.

The following night they won from the Missouri Wesleyan team at Cameron by a score of 35-18, and in the third game which was played at Tarkio last night, they were defeated by the close margin of four points, the score, 33-29. The teams were tied, 18 to 18, at the end of the first half. This means that both teams must have put up a battle royal in the latter half of the game.

In the games played here, Marr, the Drury center, and Wetzell, a forward, have been star performers. The probable line-up of the Drury team will be Davis and Wetzell, forwards, Marr, center, Shannon and Foster, guards.

The Normal team has but two more games to play after the one tonight, both being away from home. The team will leave Maryville Thursday February 25 for Cameron, where it will play the Wesleyan team and will play William Jewell at Liberty the following night.

These games will complete the season's schedule. With the Normals victorious in two of the three contests yet to come, its chance for the state championship for this year should be good.

### A. O. MASON SELLS FARM.

Property East of Town Traded for 10 St. Joseph Residences and \$25,000.

The 203-acre farm of A. O. Mason, a half mile west of the 102 river, on the state road east of Maryville, was traded yesterday to Wyne Judah of St. Joseph for ten residence properties in Wyatt park, St. Joseph, and \$25,000 to boot. Mr. Mason held the farm at \$225 an acre, or a total of \$45,675. Mr. Mason said he intended to hold the St. Joseph residences as an investment. They are bringing a monthly income of \$260 at present.

permissible at the same meal.

Coffee, tea, chocolate and bread may be taken in the morning, and eggs, butter and milk in the evening.

The sick, feeble persons engaged in laborious occupations, persons under 21 and persons over 65 years of age are not required to fast. They may eat meat more than once the days upon

which meat is permissible.

Working persons and their families, through special dispensation, are not obliged to abstain except on Friday, Ash Wednesday and Holy Week. Those exempt from fasting should perform other acts of piety and devotion.

The time for fulfilling the Easter duty, viz., receiving annual Holy Com-

munion, is from the first Sunday of Lent to Trinity Sunday, both included.

The Easter offering this year, as in other years, will be for the education of boys in the diocese who wish to study for the priesthood.

The decree of the congregation of sacramental discipline, regarding the age children may receive their first

communion, shall be read to the congregations Easter Sunday.

The blessing of oils used in the sacraments of the church will take place at the cathedral Thursday of Holy Week and the priests of the city and the remainder of the diocese are required to be at the cathedral for the ceremony.

## DON'T DELAY IN GETTING YOUR FURNACE JOB SETTLED

Our Furnace expert, Mr. Geist, was crowded last year into the winter to finish his jobs, so don't delay.

In the **WEIR FURNACE** we have the father of Steel Furnaces. Among the weakest points of a Furnace are the joints.

### THE WEIR HAS NO JOINTS.

Let us repeat that statement **The Weir Has No Joints.** It is made of one sheet of low Carbon Boiler Plate, which is absolutely impervious to gases at all temperatures.

**THE WEIR** is really a double furnace that, is the combustion chamber and radiator make the fire travel double the distance before reaching the smoke outlet.

## PRAISE FOR FARM MANAGER.

### Former Nodaway County Man in Charge—Starts Fifteenth Year.

A recent account in the Fremont (Neb.) Herald relating to the fine condition of the Dodge county farm, will be of interest to the old Nodaway county friends of the farm manager, J. W. Sexson. Mr. Sexson and his wife have had charge of the Dodge county farm for fourteen successive years and have been reappointed steward and stewardess respectively for the coming year.

Mr. Sexson is a former resident of Nodaway county. He is a brother of George Sexson of Clearmont, Edward Sexson of Wilcox and Mrs. H. A. Ed-

wards of this city.

The Herald, in part, says:

"Members of the board of county supervisors, who spent the day yesterday at the Dodge county farm, taking an invoice of stock, expressed themselves as highly pleased with the showing. The inventory totaled \$6,965, and the board found the farm in excellent condition and the inmates were cared for. 'The supervisors adopted a resolution especially thanking Mr. and Mrs. Sexson, steward and stewardess, for the efficient manner in which they have conducted the affairs of the farm, and reappointed them for the coming year, which begins the fifteenth year of their employment.'"

### To Savannah Sanitarium.

Robert Claridy of Clearmont, who has recently returned from Omaha, Neb., where he has been taking medical treatment, went to Savannah today to enter a sanitarium.

### DEATH FOLLOWS STROKE.

#### Mrs. Lucy Ford Succumbs This Morning—Hold Funeral Tomorrow.

Mrs. Lucy Hutchinson Ford, aged 87, died this morning at the home of her son, A. C. Ford, eight miles northwest of the city. Her death followed a stroke of paralysis which she suffered several days ago.

The funeral services will be held at 1 o'clock tomorrow afternoon at the Wesley chapel church, conducted by the Rev. Reuben Barrett of Skidmore. The body will be interred in the Cain cemetery, near Wilcox.

Mrs. Ford was the widow of Marshall E. Ford, Sr., one of the pioneer farmers of the county, who came here in the early fifties from Kentucky. She was married to Mr. Ford in Kentucky in 1840.

Mr. Ford died in 1882 and Mrs. Ford's life had since been spent on the home farm, which her husband purchased when he first came to Nodaway county. She is survived by six children. They are A. C. Ford, living on the old home farm; Jeff D. Ford and Attorney Marshall E. Ford of this city; Mrs. W. C. Hogan, living in the Rockford district; Mrs. John Kennedy of Parnell and Mrs. Fannie Hanna of Texas.

## What Is Malleable Iron?

The best soft gray cast iron annealed and when thoroughly annealed becomes the best heat-transmitting and resisting iron known to range construction.

Every joint in the MONARCH is riveted and therefore gas and air tight. The rivets are wrought iron and hence of the same heat resisting temperament as the material they hold together, thus making the expansion equal, therefore continued expansion and contraction under these conditions have no tendency to make loose joints. The life and efficiency of a range depends on the construction and durability of the fire box and the fire box construction in the MONARCH RANGE is built scientifically correct. Call and we will be pleased to show you why.

## Satisfied Customers

The triangle or pyramid is recognized as the symbol of strength, stability, and permanency.

The accompanying illustration is typical of the pyramid that has been built around DENHAM'S Harness.

Competition has sprung up—it is bound to—but practically all of it has been based on merely one leg of the triangle price. The purchaser who fell for the bait required only a few samples of the goods to demonstrate that there is very little meat on the bone.

## CLEANSER YOUR HAIR, MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous and All Dandruff Disappears—Hair Stops Coming Out.

Surely try a "Danderine Hair Cueanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

## NODAWAY RIVER DAMAGES BRIDGES

WOODEN SPANS OVER DITCH ARE WASHED OUT AND CRIPPLED.

## DRIFT AND ICE AID IN THE DESTRUCTION

Cable Keeps 2 from Washing Away— Iowa Structure Lodges in Ice Gorge Near Clearmont.

The Nodaway river, which at some places in southern Iowa and the north part of Nodaway county, is declared to have been higher yesterday than for two years, is damaging many bridges and widening the new channel to unusual proportions. Only through the use of cables was the county court enabled to save two county bridges from going with the flood waters, while all the bridges which span the new ditch between the Iowa line and Quitman have been more or less damaged, it is reported.

The 102 river is back in the channel and is steadily falling, but the Platte river, according to a dispatch from Ravenwood at 1:30 o'clock this afternoon, is gradually leaving the channel and spreading its waters over the low lands. No damage has been reported yet, but if the rise continues, the safety of the bridges is feared for.

### Cables Hold Bridges.

It is the Nodaway river at present, however, which is on the big rampage—in fact, on a worse one than early last fall. The worst damage in this county comes from between Clearmont and the Iowa line.

C. S. Turpen of Clearmont said this afternoon that through the use of cables, by order of the county court, he was enabled to save the frame bridge across the new channel, west of Clearmont, from going down stream, but that the entire structure was in the river, though probably intact. All but one of the wooden piers on the west side were broken off by the flood waters and a drift of ice and logs. The approaches have been washed, too.

The ditch there is now said to be about eighty feet wide and the banks are still crumbling into the river. All bridges spanning the old river bed are believed to be safe, as most of the water is going through the channel. It is racing through at the rate of between six and seven miles an hour.

### Iowa Bridge Floats Down.

The McCummings bridge, north of Clearmont, is in bad condition and cannot be crossed with safety, yet it is believed the structure can be saved from going entirely out. To this end cables have been placed and every safeguard possible is being taken.

Another bridge between Clearmont and the Iowa line is said to be in a damaged state. An Iowa structure over the east branch of the Nodaway river washed away and has lodged in an ice gorge north of the McCummings bridge. The county officials probably will have this blockade removed by dynamiting as soon as possible.

The river has fallen about one foot at Braddyville it is reported, and is about three inches lower now at Clearmont, so that it is believed the crest has been reached. The lowlands are badly flooded, however, but no damage in that regard has been done.

### Burlington Bridge Unsafe.

Between Burlington Junction and Quitman, on the Nodaway river, comes bad reports, too.

James Corken, who lives one and

one-half miles below Burlington Junction, near where the lower bridge crosses, said the river was racing like a mill stream. The banks on each side of the new channel there are fast crumbling away and the ditch is now about seventy feet wide, he said.

The bridge near his home is still passable, but one pier has been knocked off and the approaches are being slowly eaten away. The water is said to be about one foot higher than it was last fall, though not as much damage is being done in the low lands as at that time.

The Jones bridge, below the residence of Mr. Corken, is slightly in danger of going out. The earth on the east side is crumbled away. The Nicholas-Carter bridge next below is in fairly good condition, but the Carter and Gray structure, next below and near Quitman, is damaged slightly, Mr. Corken reports.

## LOCAL WRECK BRINGS SUIT

Injury to Passengers Through Misplaced Switch, Brings Counter Charge Against Employee.

A wreck in the Maryville yards of the Burlington railroad in 1913, in which several passengers were injured and several box cars damaged, has resulted in a damage suit for \$7,000 being brought against Warren W. McMahon, conductor, in Creston, Iowa. It comes as a counter suit, following a suit which McMahon brought against the railroad, for the loss of an arm.

The history is something like this: North bound passenger train No. 4 crashed into a string of box cars carried by a freight train here, because of the alleged negligence of McMahon in failing to close the switch after his freight train was run onto the siding. In the collision, the two trains were damaged to the extent of \$1,000, the railroad declares, and several passengers injured so that the railroad was compelled to pay out \$6,500 in damages.

McMahon's litigation against the railroad, is believed to have caused the railroad to retaliate with this suit. McMahon is said to have had one of his arms ground off by a wheel, when one of the car steps broke, after the same train which was in the wreck here, had crossed the Iowa line, north bound.

### CHILD'S MIND IS UNSOUND.

Miss Beulah Neal's Mother is Appointed Guardian by Probate Court.

Miss Beulah Neal of Maryville was declared to be of unsound mind and her mother, Mrs. Mahaley E. Neal, appointed guardian of her personal estate by Probate Judge W. H. Conn this morning. The father, John M. V. Neal, died less than a year ago. His estate is still in probate court. Mrs. Neal's bond was fixed at \$2,000.

### DEFER FIVE ASSAULT TRIAL.

Illness of Mayor Causes Continuance Struck J. W. Hudgins, Charged.

On account of the illness of Mayor U. S. Wright from the grip, the trial of Page Fite, charged by the city with assault, has been deferred from today until Saturday. Fite is alleged to have struck J. W. Hudgins, in John Kane's saloon, January 11. Fite is out on \$100 bond. A charge of entering into an affray was the original charge on which Fite was held.

### To Study Millinery Style.

Miss Sadie Blair left Tuesday evening for Savannah to spend a few days visiting her sister, Mrs. Leroy Wilson, after which she will go to Kansas City to spend a couple of weeks at the wholesale house. Miss Blair will then take charge of a millinery store at Fairfax this spring.

## RECEIVE CONVERTS

BAPTISTS TO "GET ACQUAINTED" WITH NEW MEMBERS.

## PLAN ENTERTAINMENT

Music, Speaking, Prayers, Refreshments and Hand Shaking, Features of Reception Tonight.

A reception, featured by music, speaking, prayers, refreshments and an old-fashioned Baptist hand shaking, will be held in the First Baptist church tonight, to welcome in the more than 300 new members resulting from the recent revival. Barring disagreeable weather tonight it is likely fully 600 Baptists will attend.

Plans for the reception have been under way for about a week and the various parts have been in the hands of separate committees, that the newly members may be entertained and received as royally as possible. The reception will begin in the church basement at 7:30 o'clock. Each member will shake hands with several hundred and strangers will mingle until the resemblance of one big family is acquired the pastor, the Rev. Lewis M. Hale, plans.

After the "get-acquainted" part is finished, light refreshments will be served by the women of the church in the basement. About 9:30 o'clock the members will congregate in the church auditorium where the program of music, speaking, readings and prayers will be given.

Three special musical numbers have been arranged by the choir and individuals, while several songs by both the choir and audience are planned. Prof. Harry Miller of the Normal, will give a reading and the pastor, Mr. Hale, and probably others, will make brief talks.

## PAY \$4,000 OF SCHOOL BOND

Directors Make Annual Payment on Original Washington Building Debt of \$75,000.

The board of directors of the Maryville school district paid off \$4,000 more of its school bonds this morning. With this payment, it makes a total of \$28,000 of a \$75,000 issue that has been paid.

These bonds were voted in 1907 for the Washington public school building. The issue runs until 1927, \$4,000 to be paid off each year. The bonds, after being paid this morning were destroyed by burning in front of the Nodaway Valley bank building.

## BAPTIST MEN PLAN BANQUET

Brotherhood to Hold Annual Event March 11—Dr. D. J. Evans to Speak.

The second annual banquet of the Men's Brotherhood of the First Baptist church will be held in the church basement, Thursday night, March 11. Dr. D. J. Evans, dean of the theological department of William Jewell college of Liberty, will be the principal speaker. The banquet date was decided upon at the regular bi-monthly meeting of the brotherhood Tuesday night, but it was only this morning, according to the Rev. L. M. Hale, pastor, that Dr. Evans agreed to be speaker.

Dr. Evans spoke to the brotherhood at its initial annual affair here last year. His address was so pleasing that the brotherhood voted Tuesday night to have him return if possible. Others also will speak, including Mr. Hale, pastor. There also will probably be music, both vocal and instrumental.

The arrangements for the annual banquet are in the hands of the following committees:

Program—R. B. Montgomery, Dr. Karl Malotte and Isaac Tebow. Sale of tickets—R. E. Jones, W. A. Burris, Frank Reynolds, James Smith and B. W. Lemon.

General management—D. E. McDonald, E. L. Andrews and W. B. Blachley.

### IMMUNE HOGS SELL WELL.

R. M. Evans of Near Maryville Gets Dime More for Treated Swine for Serum.

R. M. Evans, a prominent and successful farmer of Nodaway county, decided Tuesday that he is more than ever in favor of the simultaneous serum treatment for hogs. Besides having his porkers immune from cholera, Mr. Evans sold his hogs yesterday at prices a dime higher than any other hogs commanded. Mr. Evans cashed 61 head, with an average weight of 287 pounds, at \$6.92½ a hundred to a local serum company.—St. Joseph Stock Yards Journal.

## 'GET RIGHT,' PLEA

EVANGELIST ADDRESSES BIG AUDIENCE AT CHRISTIAN CHURCH.

## 'THEORY IS USELESS'

Says Criticism Atrophies Religion— Song Services Precedes Sermon— Two Profess Conversion.

Despite the rain of last night, a good crowd attended the First Christian church revival service and heard a splendid sermon by the Rev. Charles A. Finch. The Rev. Mr. Finch spoke from the subject "Getting Right." As a special musical number, Harry O. Fritz, musical conductor during the service, and Mrs. Fred P. Robinson sang a duet, "O Love That Will Not Let Me Go."

There were two conversions last night and a splendid enthusiasm is being shown. Tonight there will be special musical numbers as well as the half hour song service which precedes the sermon each evening.

The Rev. Mr. Finch spoke interestingly last night along the line of "getting right" in life. He said in part: "Zaccheus was the tax collector in Jericho. The Bible says he was a sinner, of course, in a political sense. He seemed to have stood in with the court house ring. Being excluded from society in Jericho, there was only one thing left—to make money. This he did without regard to the means employed."

"Now Jesus is coming to town. The honton of society, the distinguished citizens and officials are at the city gate to receive him. Zaccheus was a man of small stature and could not see over the crowd, and they would not permit him to stand with them. So when Jesus appears, road weary and covered with dust, he climbed a friendly sycamore tree that swung its branches over the road. Jesus ignores the elite of Jericho and said to Zaccheus, 'Come down from that tree. I am going to dinner with you.' So Jesus went home with Zaccheus that day and salvation came to his house."

### Tree Climbers of Today.

"A lot of people are up in the trees of speculation, criticism and philosophy. They are looking at heaven through telescopes and at Christians through microscopes. They find fault with the flowers on the tree of life, and the catarrh of self-importance has so atrophied the sense of smell that the perfume of the rose of Sharon and the lily of the valley is lost for them. The wisdom of this world has blinded them to the matchless beauty of the Prince of Peace. They want to be saved as philosophers, but they can only be saved as little children. Nowhere does it say, 'We must be saved as men,' but always 'except ye become as a little child.'"

### Theories Are Useless.

"We can't go to heaven by the way of Mount Blanc, but by the way of Calvary. When you start to make game out of all the theories you may hold, your theories will make game of you and you will miss heaven. Hunting a grizzly bear is not so funny when he starts to hunt you. Come down out of your trees of pride and speculation and take Jesus home with you. Let your theories go, there is enough to do if you do the plain things you can understand. Every wise man learns soon or late that he will have to let God know some things which he cannot know. The act of Zaccheus is the solution to all of the unrest of our day. What was it? Simply this. He took Jesus home with him."

### Restitution.

"In his home that day Zaccheus said, 'Lord, if I have wronged any man I will restore him four-fold.' That is the effect of Christ in the home. The individual cleans up and squares every bad account. The heart changed—the home is changed, the wife and children are led to Christ. If any man be in Christ he is a new creature. Old things are passed away—behold all things are become new. What caused it? Simply forsaking the elevations of conceit and self-righteousness and speculative theories and taking Jesus home with him."

### HOPKINS PARTY HERE.

Came to Attend Funeral Services for George W. Demott.

Mr. and Mrs. J. W. Demott and family, Mr. and Mrs. G. W. Thompson, Mr. and Mrs. C. B. Woods, Ben Dewitt, E. C. Wolfers, Sr., W. C. Morehouse and J. C. Pistole of Hopkins came to Maryville this morning to attend the funeral services of George W. Demott, held this afternoon at the First Presbyterian church.

## MANY ATTEND DEMOTT RITES

Hundreds Pay Last Respect to Former County Official—Close Court House in Respect.

Funeral services for George W. Demott, who died Monday, were held in the First Presbyterian church at 2:30 o'clock this afternoon. The large number of persons who attended included relatives and friends from the city, many from a distance and officers of the court house, who had been associated with Mr. Demott during his tenure of office as county clerk.

The services were conducted by the pastor, the Rev. S. D. Harkness. The musical program included favorite hymns of Mr. Demott, sung by a quartet from the church choir, and a solo by Mrs. F. P. Robinson. The pall bearers were the elders of the church, Mr. Demott being a member of the board for several years.

The service was concluded at Miriam cemetery, where the body was buried. Among the out-of-town friends attending was a large party from Hopkins, the former home of Mr. Demott.

The court house was closed from 2:30 until 3:30 o'clock this afternoon in order to give all county officials an opportunity to attend the funeral of Mr. Demott.

## PREPARE FOR SEASIEGE

England and Germany Get Ready to Close Up Oceans—Turkey to Apologize to Greece.

Berlin, Feb. 18.—While the full text of the answer Kaiser Wilhelm has sent to the United States has not been divulged, it is known that the United States is advised by the kaiser to use warships to convey cargoes in the war zone, recently established by Germany around the British Isles.

New York, Feb. 18.—Destroyers will guard merchantment of the allies. Officials of British and French lines announce that there will be no change in sailing schedules, as a result of the sea blockade.

London, Feb. 18.—With the German war zone blockade effective today and that of England's already in operation, the line around the Atlantic ocean is being tightly drawn and it is only with the utmost caution that even neutral ships will be able to pass over the waters, it is said.

## BAYONET GERMAN BATTALION

Russia Captures 1,400 and Kills Almost Entire Teuton Body, Alleged.

Petrograd, Feb. 18.—The worsting of the Germans is alleged by the Russians in Galicia. It is said 1,400 Germans were taken prisoners at one point in Galicia, while almost an entire battalion of Teutons were bayoneted.

### GREECE GETS SATISFACTION.

Turkey Will Apologize for Constantinople Insult.

London, Feb. 18.—Turkey has yielded to the demand for satisfaction made by Greece because of the insult offered an attaché of the Greek legation at Constantinople recently.

### SHORTENS "JITNEY" SERVICE.

Cheap Transportation Regular Only Two Morning Hours—Calls Answered Any Time.

Beginning this morning, Charles Thorp, after a three days' trial, shortened his regular "jitney" transportation service to two hours in the morning. He will continue, however, to make calls at any time of the day on request. The regular service will be maintained only from 6:30 to 8:30 o'clock in the morning. Each of the six routes will be covered, however.

Mr. Thorp says he has a good patronage in the morning and fairly good at noon, but during the remainder of the day it is not profitable to make regular runs.

Since the term "jitney" came into common use many have asked where the term originated. According to the University Daily Kansas, "jitney" is Russian, and the name of the smallest piece of money in circulation in that country. It was introduced into this country by circus and show people and has come to be recognized as the slang term for the 5-cent piece. For several years it was commonly applied only to picture shows and public dances.

## NORMAL TO PLAY LAST GAME HERE

FINAL HOME CONTEST TO BE WITH DRURY TONIGHT.

## COACH EXPECTS IT TO BE BEST GAME

Local Basket Ball Quintet in Pink of Condition—Visitors Tired from Three Previous Affrays.

The Maryville Normal basket ball team will play the last game of the season to be played on the home court tonight when it meets the fast Drury college team of Springfield.

The Normal team is in the pink of condition and Coach Walter Hanson says that he expects the game of the season tonight. The Drury team is one of the fastest in the conference and is one of the hurdles which the Green and White must successfully clear in its race for the state conference championship. The game will probably start tonight with Vandersloot and Leech, forwards, Scortlett, center and Scott and McClintock, guards.

The Drury team is on a six-game trip, tonight's being the fourth of the series. It was on this trip that the Drury team based its hopes for the championship. Up to date it has been defeated in two games and has been victorious once. The first game was played with William Jewell where the Drury Panthers were defeated by a score of 22-25.

### Won One, Lost Two.

The following night they won from the Missouri Wesleyan team at Cameron by a score of 35-18, and in the third game which was played at Tarkio last night, they were defeated by the close margin of four points, the score, 33-29. The teams were tied, 18 to 18, at the end of the first half. This means that both teams must have put up a battle royal in the latter half of the game.

In the games played here, Marr, the Drury center, and Wetzell, a forward, have been star performers. The probable line-up of the Drury team will be Davis and Wetzell, forwards, Marr, center, Shannon and Foster, guards.

The Normal team has but two more games to play after the one tonight, both being away from home. The team will leave Maryville Thursday February 25 for Cameron, where it will play the Wesleyan team and will play William Jewell at Liberty the following night.

These games will complete the season's schedule. With the Normals victorious in two of the three contests yet to come, its chance for the state championship for this year should be good.

### A. O. MASON SELLS FARM.

Property East of Town Traded for 10 St. Joseph Residences and \$25,000.

The 203-acre farm of A. O. Mason, a half mile west of the 102 river, on the state road east of Maryville, was traded yesterday to Wynne Judah of St. Joseph for ten residence properties in Wyatt park, St. Joseph, and \$25,000 to boot. Mr. Mason held the farm at \$225 an acre, or a total of \$45,675. Mr. Mason said he intended to hold the St. Joseph residences as an investment. They are bringing a monthly income of \$260 at present.

DON'T DELAY IN GETTING YOUR  
FURNACE JOB SETTLED

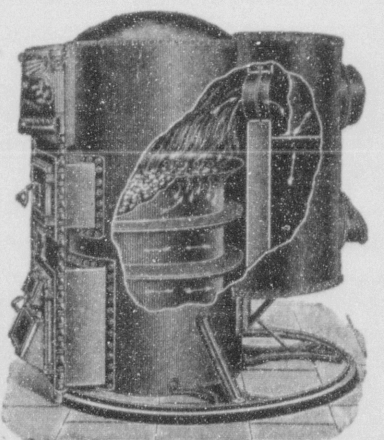

Our Furnace expert, Mr. Geist, was crowded last year into the winter to finish his jobs, so don't delay.

In the **WEIR FURNACE** we have the father of Steel Furnaces. Among the weakest points of a Furnace are the joints.

THE WEIR HAS NO JOINTS.

Let us repeat that statement **The Weir Has No Joints.** It is made of one sheet of low Carbon Boiler Plate, which is absolutely impervious to gases at all temperatures.

**THE WEIR** is really a double furnace that, is the combustion chamber and radiator make the fire travel double the distance before reaching the smoke outlet.

## PRAISE FOR FARM MANAGER.

### Former Nodaway County Man in Charge—Starts Fifteenth Year.

A recent account in the Fremont (Neb.) Herald relating to the fine condition of the Dodge county farm, will be of interest to the old Nodaway county friends of the farm manager, J. W. Sexson. Mr. Sexson and his wife have had charge of the Dodge county farm for fourteen successive years and have been reappointed steward and stewardess respectively for the coming year.

Mr. Sexson is a former resident of Nodaway county. He is a brother of George Sexson of Clearmont, Edward Sexson of Wilcox and Mrs. H. A. Edwards of this city.

The Herald, in part, says:

"Members of the board of county supervisors, who spent the day yesterday at the Dodge county farm, taking an invoice of stock, expressed themselves as highly pleased with the showing. The inventory totaled \$6,905, and the board found the farm in excellent condition and the inmates were cared for. 'The supervisors adopted a resolution especially thanking Mr. and Mrs. Sexson, steward and stewardess, for the efficient manner in which they have conducted the affairs of the farm, and reappointed them for the coming year, which begins the fifteenth year of their employment.'

## What Is Malleable Iron?

The best soft gray cast iron annealed and when thoroughly annealed becomes the best heat-transmitting and resisting iron known to range construction.

Every joint in the MONARCH is riveted and therefore gas and air tight. The rivets are wrought iron and hence of the same heat resisting temperament as the material they hold together, thus making the expansion equal, therefore continued expansion and contraction under these conditions have no tendency to make loose joints. The life and efficiency of a range depends on the construction and durability of the fire box and the fire box construction in the MONARCH RANGE is built scientifically correct. Call and we will be pleased to show you why.

### DEATH FOLLOWS STROKE.

#### Mrs. Lucy Ford Succumbs This Morning—Hold Funeral Tomorrow.

Mrs. Lucy Hutchinson Ford, aged 87, died this morning at the home of her son, A. C. Ford, eight miles northwest of the city. Her death followed a stroke of paralysis which she suffered several days ago.

The funeral services will be held at 1 o'clock tomorrow afternoon at the Wesley chapel church, conducted by the Rev. Reuben Barrett of Skidmore. The body will be interred in the Cain cemetery, near Wilcox.

Mrs. Ford was the widow of Marshall E. Ford, Sr., one of the pioneer farmers of the county, who came here in the early fifties from Kentucky. She was married to Mr. Ford in Kentucky in 1840.

Mr. Ford died in 1882 and Mrs. Ford's life had since been spent on the home farm, which her husband purchased when he first came to Nodaway county. She is survived by six children. They are A. C. Ford, living on the old home farm; Jeff D. Ford and Attorney Marshall E. Ford of this city; Mrs. W. C. Hogan, living in the Rockford district; Mrs. John Kennedy of Parnell and Mrs. Fannie Hanna of Texas.

The triangle or pyramid is recognized as the symbol of strength, stability, and permanency.

The accompanying illustration is typical of the pyramid that has been built around DENHAM'S Harness.

Competition has sprung up—it is bound to—but practically all of it has been based on merely one leg of the triangle price. The purchaser who fell for the bait required only a few samples of the goods to demonstrate that there is very little meat on the bone.

### CLEANSER YOUR HAIR, MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous and All Dandruff Disappears—Hair Stops Coming Out.

Surely try a "Danderine Hair Cueanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

There is no disease that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

### AID THE KIDNEYS.

Do Not Endanger Life When a Maryville Citizen Shows You the Way to Avoid It.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them? Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Maryville testimony.

Mrs. L. Cain, 709 E. Second street, Maryville, says: "My kidneys bothered me for quite awhile, and I had backaches and headaches. Doan's Kidney Pills soon brought me relief."
